ABBITT SAYS NIXON CAN RESTORE TRUST

Cont'd from Page 1

for his efforts to restructure the Court.

"With the four new Nixon appointees participating, the court has apparently changed its course to some extent. It is hoped the court will stop enacting law of its own choosing, enlarging and expanding the Constitution, but will confine itself to interpreting the laws that have been legally and properly enacted and, more important, interpret and construe the Constitution rather than expand it on its own motion.

"We have every reason to hope that such will be the case in the future if the Chief Executive continues to appoint men of ability, self-restraint and trained in the concepts of our republican form of government and who are willing to recognize that we are operating under a government of three separate and equal branches—the legislative, the executive, and the judicial.

He lambasted "the so-called new politics of those who would undercut the basic fabric of our society in a blatant effort to appeal to all those who have gripes against our system in the hopes that by so doing they may be able to form a new system of government." He predicted that the voters will reject such leadership.

"The main theme of life of many of our wild-eyed liberals who are trying to take over the government in America is based on the assumption that the most you can do for your country is evade the draft, smoke pot, grant amnesty to those who have deserted in wartime, abort your babies, have an affair with someone of your own sex, and receive in return, for nothing at all, a $1,000 annual gift from your fellow-citizens," Abbitt said.

"No amount of cosmetic treatment and alteration can cover the real motives and beliefs of those who seek to take control," he asserted. "They change only for expediency and because the way-out proposals which initially attracted the hippies, the non-conformists and the left-wingers would never attract the vast majority of our people."

A former commonwealth's attorney, Abbitt told the prosecutors that "a minority viewpoint of justice has for too long held sway in America and the people are fed up with it and ready to do something about it."

Upper Appomattox To Be Photographed

State Senator Howard P. Anderson of Halifax and Delegate Claude W. Anderson of Buckingham announced that the Upper Virginia Soil and Water Conservation Commission has scheduled flights for aerial photography of the Upper Appomattox River Watershed. These flights have been scheduled in response to a request from the Piedmont Soil and Water Conservation District.

The aerial photography will represent the first significant step in obtaining field survey information to provide engineering data prior to the preparation of work plan for the Upper Appomattox Watershed Project in Appomattox, Buckingham, Cumberland and Prince Edward counties.

To insure proper visibility, flights will be flown after trees have lost their leaves and before new leaf growth next spring.

Candidate For Senate Visits Appomattox

Horace E. "Hunk" Henderson, an Independent Candidate for the United States Senate, stopped by the TIMES-VIRGINIAN office on Thurs., Aug. 3, as he made a campaign sweep through the state of Virginia.

Henderson, age 54, has a distinguished record of participation in the public affairs of the state and nation and is a veteran of Virginia politics. He attended the College of William and Mary and Yale University and rose from Private to Captain in World War II.

When Henderson declared his candidacy on April 19th he said, "I prefer to take my position on each public issue on a basis of merit free of influence arising from money, favor or party." He promised a vigorous and aggressive campaign to meet voters in every part of the state and to effectively represent their views and needs in the U.S. Senate.

Henderson will be opposing other candidates in his bid for U. S. Senator in the November 7th General Election in Virginia.

The Pastor Speaks

God Controls Every Detail of Life

Do you believe that God controls every detail of your life? Do you think that He is too busy with some more important thing than the small details of your life? Jesus said that God knows how many hairs we have on our heads. So why can't we believe that He is more intimately concerned with every detail of our lives than we are ourselves? I certainly don't know how many hairs there are on my head!

God is controlling everything that happens for good for those who love him (Romans 8:28)

Watch Out For Satan

Satan can snake in and attack us against God's will. God permitted Satan to enter in Judas to betray His Son, God permitted Satan to make Peter so weak that he denied having even known Jesus. He permitted Satan to enter the hearts of the men who plotted and schemed and crucified Christ. Any moment God could have stopped him or them. He could have sent ten thousand angels to sweep aside every plan of Satan, but God did not stop it. He knew that when all the sin and suffering passed through Jesus, it would come out as pure joy, praise, and victory.

The Victory is Already Won

Satan can't do a thing to us unless he first gets God's permission. Remember Godallowed Satan to test Job. The only time God gives him permission is when God sees the tremendous potential in the thing passing through it and coming out as joy, pure joy!

When we begin to realize this, God can bless our lives greatly. The power of the resurrected Christ is in us. Power and victory will be part of our daily experience when we learn to rejoice in all things. Paul said, "... again I say unto you Rejoice evermore.

Abbitt Lauds Appointment Of Poff

In a recent speech made in the House of Representatives by Hon. Watkins M. Abbitt of the Fourth District, he praised the Governor of Virginia for appointing Richard H. Poff to the Supreme Court of Virginia.

Abbitt stated in the speech to the House of Representatives, "I am sure the Members recall that some few days ago the Hon. Thomas N. Downing announced to this body that the Governor of the Commonwealth of Virginia had appointed one of our colleagues to the Supreme Court of Virginia. I am highly pleased that the Governor of the Commonwealth of Virginia has appointed Hon. Richard H. Poff to fill this vacancy on the Supreme Court of Virginia that was created by the resignation of Mr. Justice Gordon".

Continuing his speech, Abbitt said further," Dick Poff, as he is affectionately known by all of his colleagues and by his friends and associates back home, is one of the outstanding Members of this House. He has been such ever since he entered on his duties here. I have known him intimately. He is one of the finest men I have had the privilege of being associated with here in this great body. He is loved and respected by all of his colleagues."

In further commenting, he said, " I would like to say, in my opinion, Dick Poff has one of the best legal minds in the Congress. His work on the Committee on the Judiciary has been outstanding and has given him adequate training and preparation so that he will serve with honor and distinction as a justice of the 10th Court of Virginia. Dick Poff has the ability and training and judicial temperament and integrity and sense to make an outstanding justice. I wish him Godspeed on this all-important assignment."

Other Virginia Congressmen praising Poff were Broyhill from the 10th District; Satterfield from the Third District; Daniel from the Fifth District; Scott from the 8th District; Robinson from the 7th District; Whitehurst representing the 2nd District; Wampler, 9th District; and Downing from the 1st District.

Abbitt concluded by stating how pleased he was that all nine Members of the Virginia delegation had joined together to commend the Governor of the Commonwealth of Virginia for this great appointment.

Virginia Will Aid Taxpayers In Losses

The Commonwealth of Virginia will follow the Federal Government in allowing taxpayers who suffered disaster losses on last year's returns, W. H. Forst, State Tax Commissioner, said today.

This may be accomplished Forst said, by filing a copy of the amended 1971 return filed with the Federal Government; Form 1040X in the case of individuals and Form 1120X in the case of corporations. The copy of the amended return should be accompanied by a letter requesting refund of state income tax and a computation of the amount of refund requested.

Individuals claiming the claim to the Commissioner of the Supreme Court of Appeals of Virginia in which the time of the filing of the corporations should file claim to the Virginia Department of Taxation, 6-L, Richmond, Virginia. Attention: Virginia Income Tax.
